Introductions and Announcements (All)***Minutes Approval***

May minutes approved by unanimous consent

2026 GIS Symposium Update Planning (Alex Krebs– WEM)**Agenda Notes**

- Alex will send another email soon requesting content

Discussion Notes***WROC Plans and Trends for 2026-2030 (Zach Nienow (Ayres) and Austin Waldvogel (NCWRPC))*****Agenda Notes**

- Austin Waldvogel, GIS Manager at Northwest WI Regional Planning Commission and WROC project mgr, and Zach Nienow, WROC project mgr at Ayres talked about the status of upcoming WROC plans.
- Many counties are being flown in 2026 and 2027... any partners in the 2030 WROC will get those along with 2028-2030 flights

- All will get statewide 2028-30 if we reach the statewide funding level.
- Early participation helps to get a better plan. Contact Austin at NCWRPC if you want to participate:
- They shared a map of projected flight years as of 6/3/26 as well as a flyer about WROC 2030
- They need commitments by end of 2028 to receive the 28-30 imagery, but commitments by the end of 2027 to get the 26-27 imagery also.
- Note: this is not legal advice, just tips and tricks on how you can find the accessibility settings to fix, and how Christine goes about it.

Discussion Notes

- Zach Hassler (OEC) mentioned that NG911 funds were used in the past for WROC and another round should be available starting in March of 2027. Announcement for that grant cycle should be coming in late Q3.
